**Figure 1**

This diagram shows an exploded perspective view of a portable electronic device assembly. The components are labeled with reference numerals: 110 points to the top cover, 120 points to the main housing, 150 points to a hinge mechanism, 205 points to a display screen, 210 points to a keypad, 220 points to a connector or port, and 250 points to a cable. The device is shown in a disassembled state, with the cover and keypad positioned above the main housing.
